## VETERINARY EXAMINATION

A veterinary examination of 1 year old chestnut filly **Lot 753 Dehere ex France Soir** as described in the 2008 Magic Millions Yearling Sale Catalogue was carried out at the Sale Complex Bundall Qld on the 23rd March 2008.

### **Clinical Examination:**

This filly was athletic and correct. She was well balanced and a quality yearling. She has excellent rein and conformation and presented in good condition. The filly is still immature and will develop a lot further. She was examined in hand, and was found to be free moving. She was well conformed. All clinical parameters were found to be within normal limits. There was no clinical evidence of wear or injury to her extremities. This examination was conducted in hand.

### **Endoscopic Examination:**

The upper respiratory tract was examined endoscopically and the larynx and pharynx were found to be normal in appearance and function.

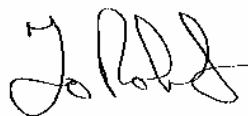

### **Radiographic Examination:**

Radiographs were available for inspection in the repository at the Magic Millions sales complex and there were no radiographic findings of any significance noted.

### **Conclusion:**

At the time of this examination the 2006 chestnut filly **Lot 753 Dehere ex France Soir** is, in so far as can be determined from the examination conducted, suitable for syndication and as such is furthermore suitable for all risk mortality insurance cover.

Yours faithfully,

**Dr TMB Roberts BVSc. MRCVS**  
**2 April 2008**
